DATA PRIVACY PROTECTION POLICY

Protecting the security and privacy of your personal data is important to WTF Electrical Services Ltd; therefore, we conduct our business in compliance with the applicable laws on data privacy protection and data security. We hope the policy outlined below will help you understand further on what data WTF Electrical Services Ltd may collect, how WTF Electrical Services Ltd uses and safeguards that data and with whom WTF Electrical Services Ltd may share it.

Personal data

Through our website, WTF Electrical Services Ltd will not collect any personal data about you (e.g. your name, address, telephone number or e-mail address), unless you voluntarily choose to provide us with it (e.g. by submitting that data via an enquiry form).

Purpose of use

When you do provide us with personal data, we usually use it to respond to your inquiry, process your order or provide you access to specific information or offers. Also, in supporting our customer relationship with you:

- we may store and process personal data and share it with our worldwide affiliates and partners to help us improve our products and services; or
- we (or one of our partners) may use personal data to contact you about a WTF Electrical Services Ltd offer in support of your business needs.
- we do not sell or otherwise market your personal data to third parties.

Purpose limitation

WTF Electrical Services Ltd will collect, use or disclose personal data you supplied online only for the original purposes unless the disclosure is:

- a use of the personal data for any additional purpose, that is directly related to the original collected purpose,
- necessary to prepare, negotiate and perform a contract with you,
- required by law, or the competent governmental or judicial authorities,
- necessary to establish or preserve a legal claim or defence,
- necessary to prevent fraud or other illegal activities, such as wilful attacks on WTF Electrical Services Ltd information technology systems.

Communications or utilization data

Through your use of telecommunication services to access our website, your communication data (e.g. Internet protocol address) or utilization data (e.g. information on the beginning, end and extent of each access, and information on the telecommunication services you accessed) are technically generated and could conceivably relate to personal data. If there is a compelling necessity, the collection, processing and use of that data will be performed in accordance with the applicable data privacy protection legal framework.

Non-personal data collected automatically.

When you access our website, we collect automatically non-personal data (e.g. internet browser and operating system used, domain name of the website which you came from, number of visits, average time spent on the site, pages viewed). We may use this data and share it with our worldwide affiliates to monitor the popularity of our website's different pages and to improve their performance or content.
